

GpuWrapper::finish

```
graph LR; A[GpuWrapper::finish] --> B[Stats_Ram::StatList::printall];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'GpuWrapper::finish'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'Stats_Ram::StatList' on the top line and '::printall' on the bottom line.

Stats_Ram::StatList
::printall
