

function_info::get
_reconvergence_pairs

```
graph LR; A["function_info::get  
_reconvergence_pairs"] --> B["printf"]
```

A diagram showing a call to printf from a function. On the left, a gray rectangular box with a black border contains the text "function_info::get" on the first line and "_reconvergence_pairs" on the second line. A dark blue arrow points from the right side of this box to a white rectangular box with a black border on the right. This second box contains the text "printf".

printf
