

Communicate::initialize  
\_for\_parent

```
graph LR; A[Communicate::initialize_for_parent] --> B[printf]
```

A flowchart with two rectangular boxes. The left box is gray with a black border and contains the text 'Communicate::initialize' on the top line and '\_for\_parent' on the bottom line. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'printf'.
